The Choice Is Yours!

Rental Books

We are very excited about our new in-store rental program. Beginning in late May 2012, Textbooks partnered with Campus Books Rentals to offer a large number of required titles for rent. Both new and used books may be rented with different pricing for each.

When renting a textbook you are responsible for keeping it in reusable condition and returning the book by the due date.

For the past two years Wake Forest Students have saved money on rental books!

Used Books

The easiest way to save money on your textbooks is to purchase Used books. Typically, over forty percent of all textbooks sold in the Textbook Store are used.

How do I improve my chances of getting used books?

Ordering your books through our online site will give you first opportunity to purchase Used Books.

How does the Bookstore get used books?

There are a limited number of used books, so we get them wherever we can. We now offer daily buyback from 9:30-4:00 Monday-Friday.

The Fall Semester book list will be available Friday August 3, 2012.

Did you Know that all proceeds go to University projects, departments and initiatives? It pays to shop at University Stores!
